By University of New South Wales - Global

8/08/2019

Dear Parents / Caregivers,

Students in Years 2 - 6 have an opportunity to participate in a variety of ICAS assessments designed to recognise and reward academic excellence. The assessments provide an independent and comprehensive record of student performance. These tests are voluntary for students to participate in.

From 2019 all ICAS assessments will be undertaken **online** at a cost of **\$14.50** per subject. Students will be given access to our school computers in the library at an appropriate time during each testing period. To accommodate all interested students, ICAS have allowed over 3 set dates for each subject. Once all students have been registered, they will receive a confirmation note from school stating their exact assessment date and time.

Please note below the eligible grades for each subject as not all assessments are for all grades. There will also be an additional note coming home regarding the English and Mathematics assessments.
